For financial professional and agent use only. Not for public distribution.

Annuities are long-term products designed for retirement.

Retirement accounts such as IRAs can be tax deferred regardless of whether or not they are funded with an annuity. The purchase of an annuity within an IRA does not provide additional tax-deferred treatment of earnings. However, annuities do provide other features and benefits.

Withdrawals may be subject to federal and/or state income taxes. Federal restrictions and a 10% federal early withdrawal tax penalty may apply if taken before age 59½. Early withdrawals may be subject to withdrawal charges. Partial withdrawals may reduce benefits and contract value.

This material is general in nature, was developed for educational use only, and is not intended to provide financial, legal, fiduciary, accounting or tax advice, nor is it intended to make any recommendations. Applicable laws and regulations are complex and subject to change. For legal, accounting or tax advice clients should consult the appropriate professional.

Annuities are issued by **American General Life Insurance Company** (AGL), Houston, TX, except in New York, where they are issued by **The United States Life Insurance Company in the City of New York** (US Life). Issuing companies AGL and US Life are responsible for financial obligations of insurance products and are wholly owned subsidiaries of Corebridge Financial, Inc. Guarantees are backed by the claims-paying ability of the issuing insurance company. AGL does not solicit, issue or deliver policies or contracts in the state of New York.

May not be available in all states and product features may vary by state. Please refer to the contract.
