Please keep in mind that the primary reason to purchase a life insurance product is the death benefit.

Product features and availability may vary by state.

Life insurance products contain charges, such as Cost of Insurance Charge, Cash Extra Charge, and Additional Agreements Charge (which we refer to as mortality charges), and Premium Charge, Monthly Policy Charge, Policy Issue Charge, Transaction Charge, Index Segment Charge, and Surrender Charge (which we refer to as expense charges). These charges may increase over time, and the policies may contain restrictions, such as surrender periods. Variable life insurance products contain fees, such as mortality and expense charges, and may contain restrictions, such as surrender periods. There may also be underlying fund charges and expenses, and additional charges for riders that customize a policy to fit individual needs. Charges and expenses may increase over time. The variable investment options are subject to market risk, including loss of principal.
